INDEPENDENT AUDITOR'S REPORT

To the Board of Directors 1000 Friends of Oregon

We have audited the accompanying financial statements of 1000 Friends of Oregon (a nonprofit corporation), which comprise the statement of financial position as of March 31, 2017, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of 1000 Friends of Oregon as of March 31, 2017, and changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

McDonald Jacobs, P.C.

We have previously audited 1000 Friends of Oregon's 2016 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated September 24, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended March 31, 2016 is consistent, in all material respects, with the audited financial statements from which it has been derived.

1. NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Organization

1000 Friends of Oregon (the Organization) is an Oregon not-for-profit corporation working on land use issues at federal, state and local levels. The Organization provides no-cost legal assistance to citizens, performs planning and research, and educates the public about land-use laws and issues. Revenues are primarily from contributions from individuals and foundations located in Oregon.

Basis of Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets based on the existence or absence of donor-imposed restrictions: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

- Unrestricted net assets represent net assets not subject to donor-imposed stipulations.
- Temporarily restricted net assets represent net assets subject to donor-imposed stipulations that may or will be met by actions of the Organization and/or the passage of time.
- Permanently restricted net assets represent net assets subject to donorimposed stipulations that neither expire with the passage of time nor can be fulfilled or otherwise removed by actions of the Organization.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments available for current use with maturities of three months or less at the time of purchase to be cash equivalents.

Investments

Investments are carried at fair value. Donor-restricted investment income is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction.

Pledges Receivable

Contributions, which include unconditional promises to give (pledges), are recognized as revenues in the period the Organization is notified of the commitment. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. Bequests are recorded as revenue at the time the Organization has an established right to the bequest and the proceeds are measurable.

1. NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Furniture and Equipment

Acquisitions of furniture and equipment greater than \$500 and with an anticipated long-term future benefit are capitalized. Furniture and equipment purchased are recorded at cost. Donated assets are reflected as contributions at their estimated values on the date received.

Depreciation

Depreciation of property and equipment is calculated using the straight-line method over the estimated useful lives of the assets which range from 3 to 5 years.

Deferred Lease Liability

Escalating lease obligations are expensed over the life of the lease on a straight-line basis over the lease term. The difference between the lease obligation and the straight-line amount is reflected as deferred lease liability.

Donated Assets and Services

Donations of property, equipment, materials and other assets are recorded as support at their estimated fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose.

The Organization recognizes donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

Restricted and Unrestricted Revenue and Support

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

1. NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Income Tax Status

1000 Friends of Oregon is a not-for-profit corporation exempt from income tax under section 50l(c)(3) of the Internal Revenue Code and comparable state law. No provision for income taxes is made in the accompanying financial statements, as the Organization has no activities subject to unrelated business income tax. The Organization is not a private foundation.

The Organization follows the provisions of FASB ASC *Topic Accounting for Uncertainty in Income Taxes.* Management has evaluated the Organization's tax positions and concluded that there are no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this Topic.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

<u>Subsequent Events</u>

The Organization has evaluated all subsequent events through September 23, 2017, the date the financial statements were available to be issued.

Summarized Financial Information for 2016

The financial information as of March 31, 2016 and for the year then ended is presented for comparative purposes and is not intended to be a complete financial statement presentation.

2. INVESTMENTS

The Organization has established investment funds with the Oregon Community Foundation (OCF). The primary purpose of the funds is to maintain endowments of the Organization. The fund is administered as a component of OCF and is subject to OCF's Articles of Incorporation and Bylaws.

Under the terms of the agreement, variance power has been granted to OCF, however, the Organization is the beneficiary of the funds and the transfer is reciprocal in nature. Accordingly, OCF recognizes the fund as a liability on its statement of financial position.

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

13. FAIR VALUE MEASUREMENTS

Assets recorded at fair value in the statement of financial position are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Level inputs are defined as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets and liabilities.

Level 2: Observable inputs other than those included in Level 1, such as quoted market prices for similar assets or liabilities in active markets, or quoted market prices for identical assets or liabilities in inactive markets.

Level 3: Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair values requires significant management judgment or estimation.

Fair values of assets at March 31, 2017 and 2016 are as follows:

	Total	Level 1	Level 3
March 31, 2017			
Assets recorded at fair value:

Fair values for Level 1 investments are determined by reference to quoted market prices and other relevant information generated by market transactions.

13. FAIR VALUE MEASUREMENTS, Continued

Fair values of the beneficial interest in investments held at Oregon Community Foundation (OCF) have been provided to the Organization based on information provided by OCF which represents the Organization's proportionate share of investments owned by OCF, using a market approach.

Fair values of the interest in the perpetual trust have been provided to the Organization based on information provided by the trustee which represents the Organization's proportionate share of investments held by the trustee, using a market approach.

Assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3 inputs):

Gains and losses from investments are included in unrestricted and temporarily restricted investment income in the statement of activities. Gains and losses from the interest in perpetual trust are included in permanently restricted investment income in the statement of activities.

14. ENDOWMENT

The Organization's endowment consists of funds established for long-term support of the Organization. It includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. As required by U.S. generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Board of Directors of the Organization has interpreted Oregon's Uniform Prudent Management of Institutional Funds Act (UPMIFA or the Act) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classify as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donorrestricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by the Act. In accordance with UPMIFA, the Organization consider the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Organization
- (7) The investment policies of the Organization

14. ENDOWMENT, Continued

Fund with Deficiencies

From time to time, the fair value of assets associated with the donor-restricted endowment fund may fall below the level that the donor or the Act requires the Organization to retain as a fund of perpetual duration. In accordance with U.S. generally accepted accounting principles, deficiencies of this nature are reported in unrestricted net assets and were \$134,799 and \$468,103 as of March 31, 2017 and 2016, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred after the investment of permanently restricted contributions and continued appropriation for certain programs that was deemed prudent by the Board of Directors.

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assts. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity or for a donor-specified period. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index while assuming a moderate level of investment risk.

Spending Policy and How the Investment Objectives Relate to Spending Policy The endowment funds are invested with OCF. The Board of Directors of OCF determines investment and spending policies for all funds held by OCF. Currently, the Organization receives bi-annual distributions from funds held at OCF. The distribution rate, as determined by the Board of Directors of OCF, is currently between 4.5% and 5.0% of the average fair market of the Organization's funds based on a 13 quarter trailing average.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Funds held with OCF are invested in a mixture of equities, fixed-income instruments, alternative investment classes, distressed debt, private investments and cash. The Organization believes the investment and spending policy is consistent with the objective to maintain purchasing power of the endowment assets held in perpetuity as well as to provide additional real growth through new gifts and investment return.

15. RESTATEMENT OF PRIOR YEAR FINANCIAL STATEMENTS AND RECHARACTERIZATION OF NET ASSETS

Activity as of and for the year ended March 31, 2016 was restated to reflect additional restricted pledges to the Organization in 2016. Balances were restated as follows:

	As Previously			As		
	Reported		<u>Adjustment</u>		Restated	
Pledges receivable	\$	-	\$	106,750	\$	106,750
Contribution revenue		120,425		107,500		227,925
Temporarily restricted net assets		177,547		106,750		284,297

In addition, net assets of \$1,500,000 that were previously recognized as permanently restricted were reclassified to unrestricted. (See statement of activities.) This also included a restatement of accumulated earnings of \$202,198 that were reclassified to the unrestricted endowment balance. (See Note 14.) The adjustment is the result of an updated interpretation of matching gifts associated with a past endowment award.
