INDEPENDENT AUDITOR'S REPORT

To the Board of Directors 1000 Friends of Oregon

We have audited the accompanying financial statements of 1000 Friends of Oregon (a nonprofit corporation), which comprise the statement of financial position as of March 31, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of 1000 Friends of Oregon as of March 31, 2020, and changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

1. NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Organization

1000 Friends of Oregon (the Organization) is an Oregon not-for-profit corporation working on land use issues at federal, state and local levels. The Organization provides no-cost legal assistance to citizens, performs planning and research, and educates the public about land-use laws and issues. Revenues are primarily from contributions from individuals and foundations located in Oregon.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- *Net Assets Without Donor Restrictions -* Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.
- Net Assets With Donor Restrictions Net assets subject to donor- (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments available for current use with maturities of three months or less at the time of purchase to be cash equivalents.

Property and Equipment

Acquisitions of furniture and equipment greater than \$500 and with an anticipated long-term future benefit are capitalized. Property and equipment purchased are recorded at cost. Donated assets are reflected as contributions at their estimated values on the date received.

Depreciation

Depreciation of property and equipment is calculated using the straight-line method over the estimated useful lives of the assets which range from 3 to 5 years.

1. NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Investments

Investments are carried at fair value. Donor-restricted investment income earned on net assets with perpetual donor restrictions is reported as an increase in net assets without donor restrictions when the board appropriates for expenditure. All other donor-restricted investment income is reported as an increase in net assets with donor restrictions and classified according to the nature of the restriction.

Deferred Lease Liability

Escalating lease obligations are expensed over the life of the lease on a straight-line basis over the lease term. The difference between the lease obligation and the straight-line amount is reflected as deferred lease liability.

Functional Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statements of activities and functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The expenses that are allocated include personnel expenses and shared costs for occupancy and general operating costs which are allocated on estimates of time and effort.

Income Tax Status

1000 Friends of Oregon is a not-for-profit corporation exempt from income tax under section 501(c)(3) of the Internal Revenue Code and comparable state law. The Organization has no activities subject to unrelated business income tax The Organization is not a private foundation.

The Organization follows the provisions of FASB ASC *Topic Accounting for Uncertainty in Income Taxes*. Management has evaluated the Organization's tax positions and concluded that there are no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this Topic.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

1. NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Revenue Recognition

Contributions, which include unconditional promises to give (pledges), are recognized as revenues in the period the Organization is notified of the commitment. Bequests are recorded as revenue at the time the Organization has an established right to the bequest and the proceeds are measurable.

Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

Donations of property, equipment, materials and other assets are recorded as support at their estimated fair value at the date of donation. Such donations are reported as support without donor restrictions unless the donor has restricted the donated asset to a specific purpose.

The Organization recognizes donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

Change in Accounting Principle

The Organization implemented Accounting Standards Update 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. This standard assists organizations in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. The provisions of ASU 2018-08 were implemented applicable to both contributions received and to contributions made in the accompanying financial statements under a modified prospective basis.

Summarized Financial Information for 2019

The financial information as of March 31, 2019 and for the year then ended is presented for comparative purposes and is not intended to be a complete financial statement presentation.

2. AVAILABLE RESOURCES AND LIQUIDITY

The Organization regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its primary operations to be general expenditures. It excludes financial assets with donor or other restrictions limiting their use.

2. AVAILABLE RESOURCES AND LIQUIDITY, Continued

The Organization has various sources of liquidity at its disposal, including cash and cash equivalents, investments and a line of credit. See Note 7 for information about the Organization's line of credit.

Under the terms of the trust, the Organization will receive 10% of the assets of the trust upon the death of the current beneficiary. The beneficial interest in the trust is valued at the Organization's entitled percentage of the fair market value of the investments and is reported as net assets with perpetual restrictions (See Note 11). Upon distribution of the trust assets, the net assets will be recharacterized as net assets without donor restrictions. 12. RETIREMENT PLAN

The Organization offers a 403(b) thrift retirement plan whereby the Organization contributes three percent of the salaries of eligible employees. The previous Simplified Employee Pension (SEP) plan and 403(b) employee-contribution only plan maintained by the Organization were terminated during 2020. Contributions to the plan approximated \$11,300 and \$7,000 for the years ended March 31, 2020 and 2019, respectively.

13. CONCENTRATIONS OF CREDIT RISK

The Organization maintains its cash balances in several financial institutions. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Balances in excess of insured limits were approximately \$355,200 and \$239,400 as of March 31, 2020 and 2019, respectively.

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

The Organization's revenues are concentrated with approximately 25% and 36% of total revenues coming from one entity of the years ended March 31, 2020 and 2019, respectively.

14. FAIR VALUE MEASUREMENTS

Assets recorded at fair value in the statement of financial position are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Level inputs are defined as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets and liabilities.

Level 2: Observable inputs other than those included in Level 1, such as quoted market prices for similar assets or liabilities in active markets, or quoted market prices for identical assets or liabilities in inactive markets.

Level 3: Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair values requires significant management judgment or estimation.

Fair values of assets at March 31, 2020 and 2019 are as follows:

| | Total | Level 1 | Level 3 | | |
|------------------------------------|-----------------|---------|---------|-----------|--|
| March 31, 2020 | | | | | |

14. ENDOWMENT

The Organization's endowment consists of funds established for long-term support of the Organization and includes donor-restricted endowment funds. As required by U.S. generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

<u>Interpretation of Relevant Law</u>

The Board of Directors of the Organization has interpreted Oregon's Uniform Prudent Management of Institutional Funds Act (UPMIFA or the Act) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classify as net assets with perpetual restrictions (a) the original value of gifts donated to the perpetual endowment (b) the original value of subsequent gifts to the perpetual endowment and (c) accumulations to the perpetual endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as net assets with perpetual restrictions is classified as net assets with expiring restrictions until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by the Act. In accordance with UPMIFA, the Organization consider the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Organization
- (7) The investment policies of the Organization

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity or for a donor-specified period. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index while assuming a moderate level of investment risk.

Spending Policy and How the Investment Objectives Relate to Spending Policy The endowment funds are invested with OCF. The Board of Directors of OCF determines investment and spending policies for all funds held by OCF. Currently, the Organization receives bi-annual distributions from funds held at OCF. The distribution rate, as determined by the Board of Directors of OCF, is currently between 4.5% and 5.0% of the average fair market of the Organization's funds based on a 13 quarter trailing average.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Funds held with OCF are invested in a mixture of equities, fixed-income instruments, alternative investment classes, distressed debt, private investments and cash. The Organization believes the investment and spending policy is consistent with the objective to maintain purchasing power of the endowment assets held in perpetuity as well as to provide additional real growth through new gifts and investment return.

Certain board members are business owners in the community. At times, the Organization enters into transactions with companies where board members are key employees or owners.
